TMU offers an SSL VPN service that allows users to connect to their TMU computers and other IT resources from off campus.
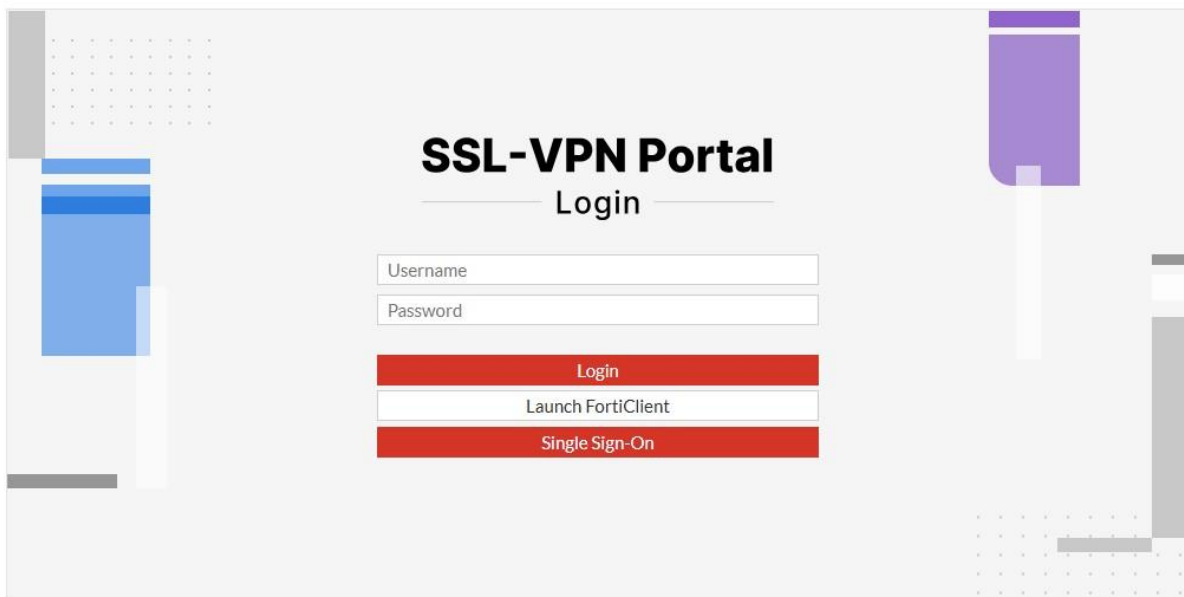

When using the VPN please ensure your home/personal computer is up to date with all security patches and has an active and current antivirus or endpoint protection program.

To connect to the TMU VPN:

Go to https://vpn.thomasmore.edu

Step 1: Select Single Sign-On

Step 2: Login with your username/password * you will be prompted for your MFA security logins

Once logged on you will see the following screen with links for G: and L: drive files and a "Create New Bookmark" button under the bookmarks heading.

If you just want to work on files from your G: or L: drive, you can click those links here. You will need to enter your username and password again. **** Username needs to be in the format of: tmcad\username**

Login to L drive: Login using tmcad\username

User Name	
Password	

Login
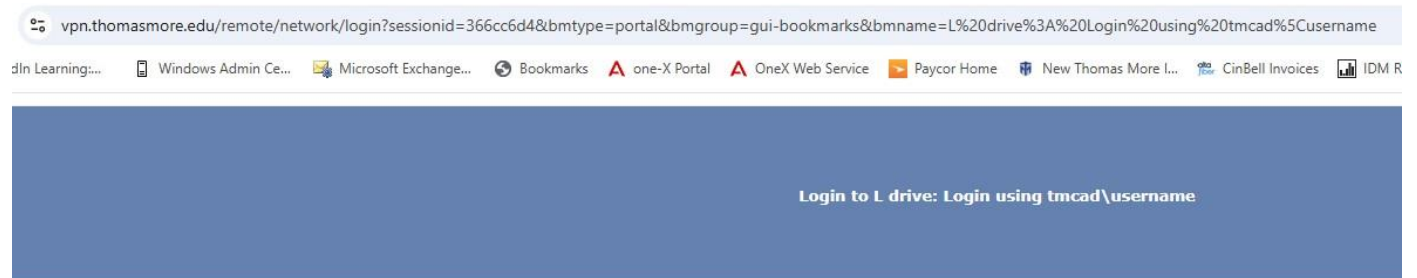

If you want to connect to your computer at work, click on the "Create New Bookmark" button. Then select the Protocol Type – RDP from the Dropdown.

Fill in boxes as follows:

Name: can be whatever you want. Ex. My PC

Host: this is the name of your work computer. Most are last name + first initial. Computers should have name stickers on them. Enter the computer name with the "tmcad.thomasmore.edu" suffix. Example: carmichaels.tmcad.thomasmore.edu

Username: Enter your username (for example: kelleym)

Password: Enter your password ** Remember when you change your password you will need to edit your bookmark.

Color depth per pixel – Default setting is 16 bits per pixel (you can increase to 32 bits per pixel)

Resolution type: Preset – suggested settings 1280 X 1024 (SXGA) or you can adjust per your preference.

Security: Allow the server to choose the type of security.

Leave all other boxes as is or blank. Click OK to save.

You will now have a new bookmark with the name you gave it. Click that and it will open a new tab in your browser and connect to your work computer. When finished be sure to close all tabs to disconnect. **Your work computer needs to be powered "ON" in order to connect**

**Notice there are two tabs for bookmarks -- Predefined Bookmarks & Custom User Bookmarks.

If you have any problems connecting contact the helpdesk by:

- browsing to http://helpdesk.thomasmore.edu
- emailing helpdeskticket@thomasmore.edu
- calling 859-344-3646
- or stopping by the helpdesk inside the computer center on the lower level of the main administration building
